Description : Mouse monoclonal antibody to mCherry-tag

Alternative Names :

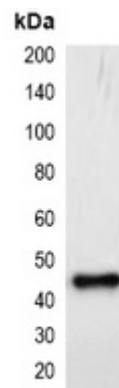

Source : Mouse

Uniprot :

Reactivity : N/A

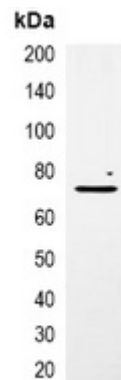

Application:

WB

Western blot analysis of over-expressed mCherry-tagged protein in 293T cell lysate.

IP

Immunoprecipitation of mCherry-tagged protein from HEK293T cells transfected with vector overexpressing mCherry tag, using Anti-mCherry-tag Antibody.

Specificity : Recognizes mCherry and mCherry tag fusion proteins.

Clonality : Monoclonal

Dilution : WB (1/2000 - 1/5000), IP (1/100 - 1/200)

Gene Symbol :

Storage Condition : Store at -20°C long term.
